SALICYLIC ACID.

Salicylic acid is an organic acid. It has powerful antiseptic qualities, prevents the souring of beer, also the development of bacteria contained in fluids. Applied externally it will remove corns and warts. TAKEN INWARDLY salicylic acid rapidly lowers the bodily temperature, reduces the pulse rate, blood pressure, and rapidity of respiration; some people being peculiarly susceptible to its action.

The Board of Health has condemned all beers containing salicylic acid. Among those proved to be free from this adulterant was the **OLYMPIA BEER**, sold by Larry Dee of the Hoffman Saloon.

Royal Here and Everywhere

You are worn out, tired, can't put the energy you desire into your duties. Well, then, you must try something that will overcome this feeling and restore you to perfect health.

Pleasant

From childhood we are taught to respect the curative features of herbs. Our grandmothers used them, and were, as a rule, versed in the art of preparing remedies from various plants.

"For the Sake of Fun, Mischief is Done." A vast amount of mischief is done, too, because people neglect to keep their blood pure. The mischief appears in eruptions, dyspepsia, indigestion, nervousness, kidney diseases, and other ailments. This mischief, fortunately, may be undone by the faithful use of Hood's Sarsaparilla, which cures all diseases originating in or promoted by impure blood.

Hood's Pills cure all liver ills. Non-irritating.
